MONDAY, MAY 22, 1882.

THE NEW MINISTRY.

This was announced on Saturday morning, as follows:

His Excellency, WALTER MURRAY GIBSON, Minister of Foreign Relations.

His Excellency, SIMON KALOA KAAI, Minister of the Interior.

His Excellency, JOHN EDWIN BUSH, Minister of Finance.

His Excellency, EDWARD PRES-
TON, Attorney-General.

These are names of gentlemen well-known in the community, who have all, with the exception of the first, held office in former administrations. Mr. Gibson has long been recognized as a prominent candidate for Ministerial honors; and thus, on the whole, the announcement of the new Cabinet was received without surprise.

Of course, there are party divisions and personal likes and dislikes in the community as to who shall be at the head of affairs; but with these, *prima facie*, the BULLETIN has no concern. It is our province to state things as we find them, naught extenuating nor setting down aught in malice. The new Ministers have all the reputation of being working men—and by their works we shall prove them. At present, at least, they have the decided advantage of a large working majority of the Assembly in full sympathy with them, personally. The attitude of the community generally is one of expectation as to the Ministerial policy.

The appointment of Mr. Gibson to a Cabinet position necessitates his resignation as a Representative in the Assembly for Honolulu. One of the first things to be done is to hold an election to fill the vacancy thus created. Soon after the announcement of Mr. Gibson's appointment to the Ministry was made on Saturday, a deputation of native voters called on Mr. J. O. Carter and requested him to become a candidate for the vacant seat. He decidedly declined the honor.

Mrs. Scoville, sister of Guitteau the assassin of President Garfield, is reported to be insane. She has been lecturing recently in New York.

The barkentine Eureka left yesterday for San Francisco.

The Likeli brought yesterday 4,300 packages of sugar and 52 head of cattle.

At the Fort street Church last evening, Mr. Cruzan preached to a crowded audience. It was announced that owing to the illness of Mr. Hal-lenbeck, the protracted meetings will not begin until next Sunday evening.

The barkentine Uncle John arrived at Kahului on the 13th inst. from Mahukona. She will sail again on or about the 25th inst., with sugar for San Francisco.

Coolies and Small-Pox.

The S. F. Alta of May 20th, says—"Among the coolies on board the English 'tramp' steamer *Alto-*water the Quarantine officers yesterday morning detected a true case of small-pox. The patient was hustled away to the Twenty-sixth street Hospital as quickly as possible. The yellow flag was sent up and the vessel moved to the regular quarantine grounds, beyond Black Point. The Custom House officials, who were aboard at the time, were con-signed to quarantine along with everybody else, and will remain until danger is passed. The vessel must be thoroughly fumigated, but it seems there is no hulk in the harbor which can be procured for a transfer of the coolie passengers. It appears that the case discovered was of the confluent type, and had been secreted by the devilish coolies. The Quarantine Officer had tallied the passengers, and yesterday morning the number paraded was one short. The coolies at first pretended 'no sabbee,' but informed by the interpreter that the fumigation process to be used would kill any person remaining between decks, they at length disclosed the spot where their diseased countryman was se-creted. The Quarantine Officer will keep this vessel in quarantine thirty days."

The Tourists had a good house on Saturday evening last, and the audience were pleased with the performance. The complimentary benefit advertised for this evening will not take place. The Tourists will give their farewell entertainment on Saturday evening next (the 27th) when we hope they will have a full house.

The Rev. Arthur Swasey, a Pres-byterian pastor in Chicago, recently preached an anti-Chinese sermon, an extract from which reads as follows: "China, perhaps, must come to us first or last. It behooves statesmen and the deliverance-uttering ecclesi-astical bodies to see that China does not come so fast as to prove a peril. When clergymen would not mind it if the coming of the Chinamen took away their own wages and sent their children on the streets; when they think it safe for a Christian home to be overrun with a conscienceless and impure rabble for the hope of con-verting them, it may be time to ad-vertise the Six Companies and all the coolies that our doors are wide open. Till then we may pause be-fore what may be the greatest turn-ing point of history for a thousand years."

A torchlight procession, accom-panied by the band, celebrated the accession to office of the new Min-istry by marching through the prin-cipal streets of the city on Saturday evening. There was about fifty torches in line, but the crowd that followed was pretty numerous. The objective point was the residence of Mr. Gibson, the newly commission-ed Minister of Foreign Affairs, where congratulatory speeches were made by the Hon. Mr. Haupu, of Hilo, and others, responded to by Ministers Gibson, Kaai and Bush, whose remarks elicited cheers. A collation was partaken of, and cham-pagne flowed freely. A number of transparencies were displayed, among which was one with the legend, "Equal Rights, at Last."

The brigantine J. D. Spreckels, Capt. Friis, sailed from Kahului on the 20th inst. for San Francisco, with 6,314 bag sugar weighing 848,-149 pounds, valued at \$55,427 61-100, and the following passen-gers: P. Souter, J. B. Avery, H. Scotchburn, J. Reese.

The bark Cyane, Capt. Hansen, arrived at Kahului on the 19th inst., 20 days from San Francisco, with 150 tons of coal. She will take back a cargo of sugar.

What Americans Buy in Europe.

I recently accompanied an Ameri-
can on a shopping expedition, his
object being to purchase some pre-
sents to take with him back to his
native land. After securing several
parcels, consisting of trinkets and
newly-invented articles, the shop-
keeper handed him a pin, saying,—
"This celluloid jewelry sells well.
as do most articles which come from
America."

"But," returned the gentleman,
"I am from America myself, and I
do not think it will pay to purchase
articles to carry back to America
which are made there."

"Why, sir," exclaimed the ten-
der, "six of the eight articles which
you have just purchased were made
in America, and I can sell you
twenty-six more from the same coun-
try with pleasure, if you choose to
buy."

The gentleman left the establish-
ment under the impression that our
export trade is in a flourishing con-
dition. So is every one else impres-
sed who has noticed the shop win-
dows and market places of Europe
within the past year.
